

Invictus Presents:

FemmeFund

Digital Gateway
For Investments in
Women Entrepreneurs

Problem

Women Entrepreneurs face various problems that we aim to solve

01

Some of the common challenges include limited access to funding, lack of support, and gender biases.

02

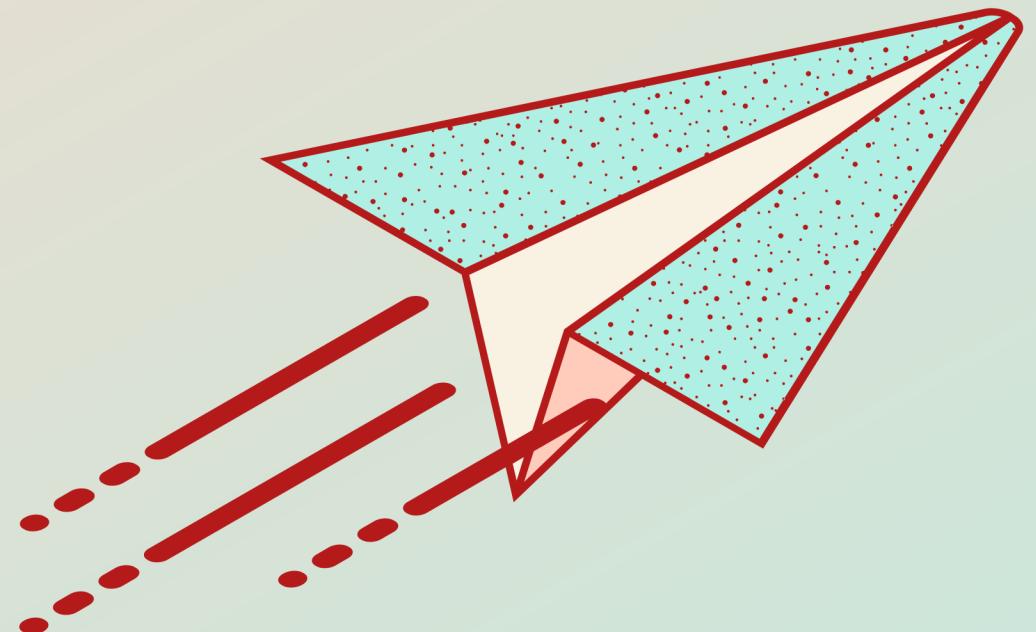

Limited access to established networks and mentors can hinder business growth for women entrepreneurs.

03

Women may struggle to be taken seriously and earn respect, facing biases and stereotypes.

Our Mission

We wish to boost opportunities for female lead businesses, providing them seamless scalability on merit basis

01

Providing an environment where businesses can be showcased efficiently

02

Providing Investors that have no gender bias to create equal opportunities

03

Driving Economic growth for both Investors and Female Business Owners

Our Product

Our vision is a world where every woman with a brilliant business idea has an equal opportunity to turn that dream into reality. We believe that diversity in business is a catalyst for innovation, growth, and positive change. By fostering an inclusive ecosystem, we aim to unleash the full potential of women-led businesses.

Functional Steps

A simple timeline of how your product or service came to be is a helpful way of visualizing your company's origin story.

Step 1 Female Business Owners showcase their company's info

Step 2

Interested Investors can view financials and contact the entrepreneurs

Step 3 Verified Info is shared and the investment can be made

Investment Opportunity

Reason 1

Globally, women represent about one in three high-growth entrepreneurs focused on national and international markets

Reason 2

The percentage of women-owned startups has been increasing, with 47% of women starting a business in the last year, compared to 44% of men

Security in Business

How entrepreneurs and investors are protected

Entrepreneur

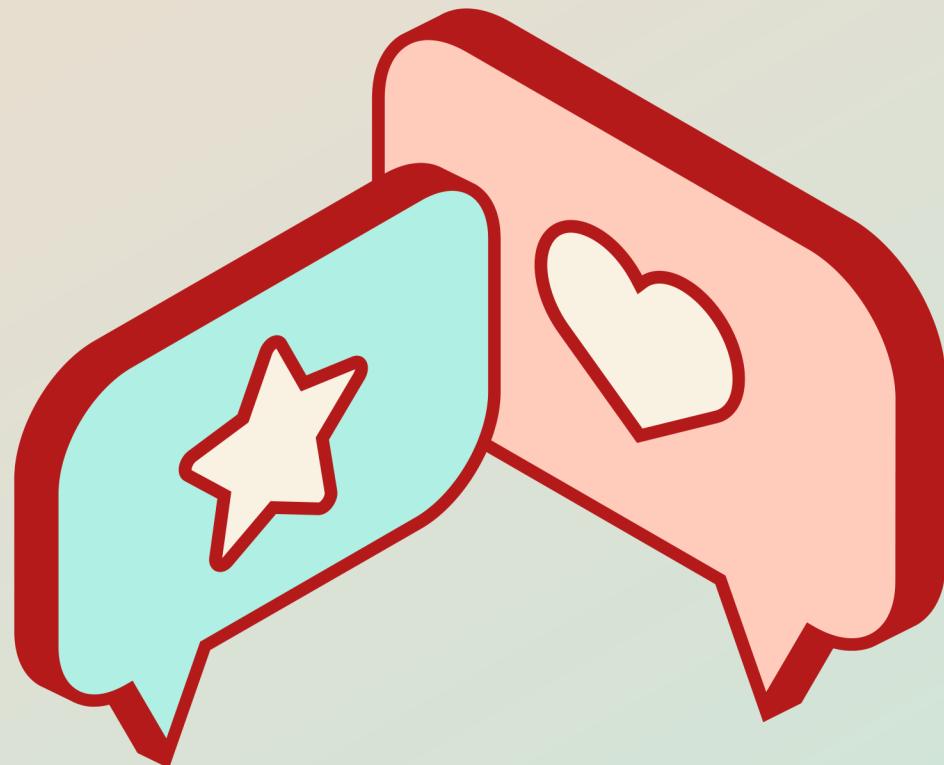

Personal and Investor information
